CERTIFICATE OF UNDERSTANDING LANDSCAPING/CHEMICAL RESTRICTIONS IN BUFFER ZONE

[ADDRESS]

DEP FILE #*****

OWNER: *****

I, _____, the Landscaper for the project at [ADDRESS], Massachusetts, do hereby certify that I have received, read and understand all the conditions established in the Order of Conditions (OOC) issued by the Conservation Commission on [DATE].

I further acknowledge and understand that there are a number of ongoing/perpetual conditions that relate to landscaping work at this property. Specifically:

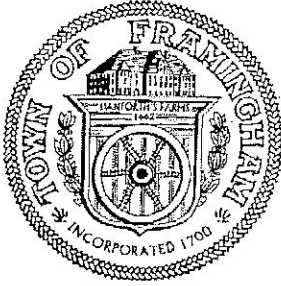

46. **The use of pesticides, herbicides, fungicides or insecticides is prohibited** within the Buffer Zone and only the use of slow-release organic granular type fertilizer is allowed in the Buffer Zone. This condition shall be recorded on the Certificate of Compliance.
47. There shall be **no additional alterations** of areas under Conservation Commission jurisdiction without the required review and permit(s). This condition shall be recorded on the Certificate of Compliance.
48. No debris, refuse or other materials, including but not limited to landscaping debris, leaves, shrub and tree trimmings, logs, bricks, stone or trash, shall be deposited within wetlands or riverfront resource areas or within 50 feet of a wetland resource area.
49. **Continued maintenance of all disturbed areas**, in a manner which assures permanent stabilization and precludes any soil erosion shall be the responsibility of the Applicant/Owner/Assign of this property.

I have carefully reviewed and understood the above requirements contained in OOC which pertain to current and future landscaping work at [ADDRESS] and agree to adhere to them.

Subject: Order of Conditions - Approval

Important: The Order of Conditions is a legal document! Please read the Order of Conditions carefully. Contact the Conservation Office if you have any questions.

The following must be done prior to the start of work:

1. Orders of Conditions **must** be recorded with the Middlesex South, Registry of Deeds (Condition #8). **Proof of recording must be returned to our office before work can begin** on the site -- see the enclosed recording information.
2. A DEP sign with appropriate file number shall be displayed at the site (Condition #9).
3. The Conservation Commission shall be notified **one week prior** to construction to allow for inspection of siltation control devices installed.
4. See your Order for additional conditions before any work commences.

Please be aware that there is a **10-day appeal period** from the date on the Order of Conditions. If you start work during this time, you are working at your own risk.

Any change to the approved plans (Condition #12) requires the applicant to contact the Conservation Commission in writing to determine whether the change is significant enough to require a new public hearing.

You have 3 years to complete the approved work.

Once work is complete, you shall submit a **"Request for Certificate of Compliance"** to the Conservation Commission to properly close out your file.

Thank you for your concern for our environment.
